

11th June 2015

Principal's Message

Dear Parents,

In the coming weeks we are moving into an important time of Learning Reports.

The feedback that is offered to all parents is made up of three key parts:

Our written **Learning Report** (we have shared the link to its format and content over the past *Heartlinks*) This document highlights your child's development in the MTP 5 Learner Qualities, areas of strength and development. It also allows feedback from students and parents on their child's learning journey.

Our **three way conference** (parent/student/teacher interview) which provides a forum for teachers, students and parents to acknowledge our students' progress and achievement.

Our **Celebration of Learning** (next Wednesday June 17, 4.30-6pm) an opportunity for your child to enhance their self esteem by sharing their achievements in the Learning Studio.

It is so important that you take this opportunity to engage in your child's learning. As we look to continually develop creative, reflective, passionate, collaborative and compassionate learners, reporting time provides an opportunity for your child "to shine" as they take responsibility for their own learning.

Looking forward to seeing you in the coming weeks,

Gary Borg

Warm and Fuzzy

It's Winter Appeal Time!!

It's a Fact: There are over 105,000 people experiencing homelessness in Australia and 44% of these are women, many accompanied by young children. In addition around 60% are under the age of 35 and in the prime of their life. Mother Teresa Primary will be holding our Annual Winter Appeal This is a matter of Social Justice. We work with gentle hearts to build a Compassionate world.

June 15th to 19th is our collection time for Warm clothing for babies to adults. New or clean and in good condition, blankets, or 25cm knitted squares for sewing into blankets, toiletries, or money.

The close of our Winter Appeal collection will be **Friday June 19th**, when we will have a Warm and Fuzzy Day. Students can wear their comfiest and snuggliest clothes to school that day to help them remember how lucky they are to have warm clothing, a bed to sleep in and a home to go to.

On July 31st Year 6 Students will be sleeping outside in sleeping bags to raise money to alleviate homelessness. Your support for this venture is greatly appreciated. So clean out those closets! Give those in need what you have you grown out of, or changed your mind about.

"Whatever you do for the least of these you do for me."

"There is someone who suffers in every family and in every human situation"

Mother Teresa
